3. Subject: Fiscal Year 2022-23 Community Funding Application Evaluations and Recommendation to City Council

Recommended Action: Receive staff report, allow for clarifying questions, receive public comment and close item, receive Commissioner scoring, consider evaluations, and decisions to provide funding recommendations to City Council for the Fiscal Year 2022-23 community funding applications.

Rachelle Sander, Assistant Director, introduced the item. The Commission discussed the eligibility of the applicants.

Mahesh Pakala, from the Bhubaneswar Sister City, clarified about the Sister City organizations and confirmed that they are a non-profit organization, separate from the City. Asked the Commission to consider their organization for funding.

Deepa Gopal, from Youngzine, clarified about charging participants and offered that funds received from the City could be used solely for granting scholarships to participants in the program.

The Commission reviewed the following:

- Eligibility if the applicant is part of the Cupertino Sister City program
- Eligibility if the applicant charges participants to participate in the program
- Discussed the eligibility of the application from Able2Shine

Commissioner Stanek, Commissioner Kumarappan, and Vice Chair Begur suggested that the Commission should follow the eligibility requirements. If the decision is to waive the requirements, a reason should be stated.

Six applicants were discussed regarding eligibility:

- Cupertino Bhubaneswar Sister City Initiative
- Able 2 Shine
- STEMBoost
- Youngzine
- Monta Vista High School Speech Boosters Inc.
- Silicon Valley Jewish Film Festival

The Cupertino Bhubaneswar Sister City Initiative was left as eligible.

Commissioner Kumarappan motioned to exclude Able 2 Shine from the funding discussion based on the pending eligibility. Commissioner Swamy seconded. Motion passed unanimously.

Commissioner Stanek motioned to exclude STEMBoost based on eligibility of charging. Commissioner Kumarappan seconded. Motion passed with 4 yes and 1 abstain.

Commissioner Stanek motioned to exclude Youngzine based on eligibility of charging. Vice Chair Begur seconded. Motion fails unanimously.

Commissioner Stanek motioned to exclude the Silicon Valley Jewish Film Festival based on eligibility of charging. Commissioner Kumarappan seconded. Motion passed unanimously.

Commissioner Stanek motioned to exclude the Monta Vista High School Speech Boosters Inc. due to eligibility of charging. Commissioner Swamy seconded. Motion passed with 4 yes and 1 no.

The Commission moved on to scoring each of the applicants. Staff compiled the data for the Commission's reference.

Commissioner Kumarappan recommended separating the four ineligible applicants when the list is taken to City Council.

Commissioner Stanek motioned to recommend to City Council to fund the following applicants for the Community Funding Grant Program for Fiscal Year 2022-23, for a total of \$96,460.46:

- West Valley Community Services - \$10,000
- Women SV - \$20,000
- Senior Services – Heart of the Valley - \$6,160.46
- Fremont Union School District - \$20,000
- American Cancer Society – Relay for Life - \$6,000
- Omniware Networks – \$2,000
- Buddhist Tzu Chi Medical Foundation - \$8,300
- Breathe California of the Bay Area - \$4,000
- Cupertino Union School District - \$20,000

Commissioner Swamy seconded. Motion passed unanimously.

Commissioner Kumarappan motioned to recommend to City Council, if there are additional funds, to award the applicants based on the remaining rankings:

- Youngzine - \$6,000
- Tian Hong Foundation - \$4,500
- Chinese American Coalition for Compassionate Care - \$13,000
- Rotary Club of Cupertino - \$12,000
- Cupertino Bhubaneswar Sister City Initiative - \$15,000
- Euphrat Museum of Art – DeAnza College - \$15,000
- Palisadoes Foundation - \$3,750
- Cupertino Educational Endowment Foundation - \$20,000

Commissioner Swamy seconded. Motion passed unanimously.

Commissioner Kumarappan left the meeting and Chair Xu called for a five-minute break at 9:27 p.m.

Chair Xu resumed the meeting at 9:33 p.m.

4. Subject: Proposed Fiscal Year 2022-23 Capital Improvement Programs

Recommended Action: Receive and provide feedback on a presentation for the proposed Fiscal Year 2022-23 Capital Improvement Program (CIP).

Joanne Magrini, Director of Parks and Recreation, introduced Susan Michael, Capital Improvement Program Manager, to present on this item. Susan reviewed the current, deferred, proposed, and future CIP projects.

Chair Xu motioned for the Parks and Recreation Commission to support the Fiscal Year 2022-23 Capital Improvement Program projects. Commissioner Swamy seconded. Motion passed with 4 yes and 1 absent.

5. Subject: Consider Rescheduling of the May 2022 Parks and Recreation Commission Meeting

Recommended Action: Discuss and reschedule the May 2022 Parks and Recreation Commission Meeting.

Director Magrini presented on this item and proposed cancelling the May regular meeting and hosting a special meeting instead. The special meeting date is to be determined.

Chair Xu motioned to cancel the regular meeting for the Parks and Recreation Commission in May. Commission Swamy seconded. Motion passed with 4 yes and 1 absent.

## **STAFF AND COMMISSION REPORTS**

6. Subject: Monthly Update Reports.

Recommended Action: Receive monthly update reports from the Director of Parks and Recreation and commissioners.

Director Magrini provided the Director's update on the following:

1. Subject: Update on Fiscal Year 2021-22 City Work Program Item Blackberry Farm Golf Course Needs Assessment

Recommended Action: Receive the report from National Golf Foundation Consulting (NGF) for the option to complete minor repairs and improvements to the golf course and the report from Moore Iacofano Goltsman, Inc. (MIG) for converting the golf course to natural habitat. Provide input and feedback on next steps regarding public outreach.

Written Communications for this item included an email to the Parks and Recreation Commission.

Molly James, Recreation Manager, introduced Lisa Cameli, Project Manager, to present on the item. Lisa provided a project background, reviewed the two feasibility studies conducted for the future use of Blackberry Farm Golf Course, and next steps including public outreach.

Susan Moore, Cupertino resident, suggested including something on the survey about water usage estimates for both options. Added when talking about Stevens Creek Trail, suggested to put “/McClellan” since they are all part of the Corridor.

Connie Cunningham, Cupertino resident, supported the restoration approach for natural habitat. Connie also supported the addition of water information to the survey.

Jessica Javier, Administrative Assistant, read out loud a written communication from George Maxe, First Tee - Silicon Valley, in support of preserving the Golf Course.

Commissioners provided feedback on the draft survey and agreed upon the following.

The Commission supports not including registration for eligibility, however, would like for staff to seek out tracking and security measures and follow up over email with the Commissioners. Also supports collecting age for demographic.

Vice Chair Begur requested to add a question regarding where someone plays – do you play at Deep Cliff Golf Course, Blackberry Farm Golf Course, or both, which do you prefer, and how often. Commissioner Stanek and Kumarappan supported the addition.

The Commission recommended adding the detailed cost estimate chart to reflect the water usage difference along with the link to the full report.

Commissioner Stanek raised concerns regarding the language of “minor repairs” throughout the survey. Commissioner Kumarappan suggested changing the language to “necessary repairs.” The Commission supported the change.

Commissioner Stanek recommended adding in “accessible natural habitat” to the question where participants are asked which recreational opportunities would you like to see prioritized. Chair Xu added that the survey should include that natural habitat is open to all for free.

Commissioner Stanek requested an additional two questions:

- If the necessary improvements are made to Blackberry Farm Golf Course, how often would you use it?

- If it is moved to a natural habitat, how often will you use it or visit?

Chair Xu and Vice Chair Begur supported the two questions.

Commissioner Stanek raised concerns about accessibility to the survey and whether a paper version can be made available.

Commissioners supported hosting an open house where the public is invited to tour the Blackberry Farm Golf Course.

Commission Kumarappan requested that staff share the survey once it is finalized and before it goes live.

## **STAFF AND COMMISSION REPORTS**

2. Subject: Monthly Update Reports.

Recommended Action: Receive monthly update reports from the Director of Parks and Recreation and commissioners.

Molly James, Recreation Manager, provided the Director's update on the following:

- Council will consider extending the resolution authorizing continued remote teleconference meetings of the legislative bodies for the period May 19, 2022 through June 18, 2022 pursuant to the Brown Act at tomorrow night's meeting. The next Parks and Recreation Commission meetings will be virtual until further notice.
- The Poet Laureate Recruitment is live and accepting applications online or at the Quinlan Community Center. Recruitment is scheduled to close on June 1 at 5 p.m.
- Community Meeting planned for Monday, June 6 to discuss Blackberry Farm Golf Course.
- Special Joint Meeting with Parks and Recreation, Planning, and Bike/Ped planned for Monday, June 13 to discuss the Lawrence-Mitty Park.

Commissioner Stanek reported on the Library Expansion, Cherry Blossom Festival, Creekside Labyrinth, City Work Program, and the Sunnyvale Fair Oak Park opening.

Commissioner Kumarappan had attended the May Mayor's meeting and reported on the following:

- Technology, Information and Communication Commission
  - o Currently pilots going on for adaptive signal and intelligent cameras for traffic regulation and safety needs, and pollution deduction.

- New proposals for 2023 – license plate recognition, cyber security outreach, and chatbot.

Chair Xu shared information with Commissioners from Vice Mayor Chao about hybrid meetings.

### **ADJOURNMENT**

Chair Xu adjourned the meeting at 9:47 p.m. to the June 2, 2022, meeting at 7:00 p.m.

### PARKS AND RECREATION COMMISSION STAFF REPORT

Meeting: June 2, 2022

#### Subject

Jollyman Park All-Inclusive Playground.

#### Recommended Action

Receive an update on community outreach and provide feedback on the concept plan with alternatives for the Jollyman Park All-Inclusive Playground Project.

#### Background

Santa Clara County developed an All-Inclusive Playground (AIPG) Program in 2017 and provided funding in 2017 and 2018. In October 2018, City Council considered an item regarding the AIPG grant and the completed Citywide AIPG Feasibility Study. Upon consideration of the item, City Council directed staff to apply for the County's grant program.

In 2018, a Feasibility Study was completed to identify and evaluate park sites that would be a suitable location for an AIPG. The study identified four parks as potential sites and concluded that Jollyman Park was the ideal location. The study findings were presented at two Parks and Recreation Commission (PRC) meetings. The PRC reviewed and endorsed the choice.

The 2020 Citywide Park and Recreation System Master Plan acknowledged that an AIPG be included at a City park, such as Jollyman Park, as a community priority.

In August 2021, the City released a Request for Qualifications to solicit qualification submittals to provide design services for an AIPG at Jollyman Park. The submittals received were ranked, and MIG was selected. In December, the City Council meeting approved awarding the contract to the design consultant.

#### Discussion

In January, the project team collected data and evaluated existing conditions. After site investigations were complete, the project team developed and initiated community engagement with Cupertino residents, park neighbors, and community collaborators to incorporate their ideas and play preferences into the design process. The team sought

public feedback via varied methods: online survey, virtual community collaborator meeting, and two in-person “pop-ups” at Jollyman Park and Library Field for the Earth Day Event.

The project team hosted a meeting with community collaborators that consisted of educators and practitioners who work with and advocate for children, teens, and adults with special needs. The project team also hosted two pop-up events. One at Jollyman Park on a Saturday, March 26<sup>th</sup>, from 10 am to 1 pm and the other at Library Field for the Earth Day Event on Saturday, April 23<sup>rd</sup>, from 11 am to 3 pm. The goal of the events was to understand what draws the community to and what they desire for the AIPG at Jollyman Park. A project factsheet was distributed at each event, city facilities, the library and posted online; it included project background, timeline, funding information, and a QR code directing users to the project webpage.

The online survey was posted on the Engage Cupertino webpage from March 9<sup>th</sup> to April 26<sup>th</sup>. The City of Cupertino advertised the survey via mailers, the “Items of Interest” newsletter and various social media outlets.

The survey results (Attachment A) showed participant demographics as:

- 90% of respondents are Cupertino residents
- 70% of respondents have children in the household
- 55% of respondents live close enough to walk to Jollyman Park
- 40% of respondents provide care for someone who has a physical, sensory, and/or cognitive disability
- 39% respondents personally experience physical, sensory, and/or cognitive disabilities that have limited their use of other local parks.

Highlighted below are four key takeaways from the survey to guide the playground design.

1. Ideal look and feel for the playground:
  - Naturalistic/Organic: 49% listed as their top choice
  - Artistic: 32% listed as their top choice
2. Ideas or features the community would most like to see integrated into the design:
  - Nature & Exploration: 47% listed as their top choice
  - Sensory, Art, and Color: 29% listed as their top choice
3. Type of Active play most important to the community:
  - Top 3 selected: Climbing, Sliding and Swinging
4. Types of other playground experiences that are most important:
  - Top 3 selected: Exercising, Pretending/Imaging, and Perching/Viewing

Reflecting on public feedback, the project team created a conceptual plan with alternatives (Attachment B) for the new AIPG at Jollyman Park. The concept plan shows the play area and park features that the community has shown strong interest in. Currently, the project team seeks input from PRC on the concept plan with alternatives.

*Next steps:* The project team will share the conceptual plan and options with the community for additional feedback. The City will host two in-person “pop-ups” and one community meeting to garner input on the development of the design. Considering PRC and community input, the project team will share the final design at a subsequent PRC meeting.

#### Sustainability Impact

Implementation of the all-inclusive playground would be consistent with the City’s sustainability goals.

#### Fiscal Impact

The City has received \$1,448,201 in grant funds and allocated \$1.2 million in City contributions. Donations are expected to supplement the overall project budget.

27	Like Magical Bridges Playground in Palo Alto, especially the roller slides and others that you can slide down on cardboard. Water features that run in non drought times would be great.	4/21/2022 3:56 PM
28	Magical	4/21/2022 3:38 PM

## ALL-INCLUSIVE PLAYGROUND AT JOLLYMAN PARK

29	safe, forest like, and have many activities where kids can play by themselves or with other children.	4/21/2022 2:15 PM
30	Different	4/21/2022 2:07 PM
31	For all abilities, has soft floors, has areas of shade, is wheelchair and adaptive devices friendly	4/21/2022 2:05 PM
32	Well maintained, clean at all times, exciting, whimsical.	4/21/2022 1:40 PM
33	A place to sit and socialize in the shade and watch others play.	4/21/2022 12:26 PM
34	unique considering the neighboring playgrounds	4/21/2022 12:14 PM
35	- Either in the shade or near shade. Hot monkey bars are one of the worst parts of a playground! - Spread out with many different play areas	4/21/2022 12:09 PM
36	Picturesque	4/21/2022 12:07 PM
37	Colorful and playful	4/21/2022 12:05 PM
38	more natural, including large rocks(maybe for rock climbing), possibly huge sand castles, ropes. Science and more technological parts of the playground would also be quite nice.	4/21/2022 12:02 PM
39	Accessible to all ages . Different in concept to the metal, climbing focus we have in most of our playgrounds now	4/21/2022 11:47 AM
40	More lighted especially for evening and night time use in the winter. More accessible basketball court(s) as this will draw more kids to be more active with group sports.	4/21/2022 11:46 AM
41	Clean	4/21/2022 11:40 AM
42	Massive	4/21/2022 11:29 AM
43	Safe, good for environment, open, fun, good for the human body of all ages	4/21/2022 11:25 AM
44	open to all without silly mask restrictions for children	4/21/2022 11:20 AM
45	Protected from loose dogs. Many disabled are scared of animals running towards them. Many don't like to be touched, much less jumped on. Put a fence around it with a gate or section off the park as a NO DOGS area with protection.	4/21/2022 11:20 AM
46	Really large/multi story	4/21/2022 11:16 AM
47	fun/unique	4/21/2022 11:15 AM
48	Colorful	4/21/2022 11:05 AM
49	colorful, clean, resistant to becoming dingy looking	4/21/2022 11:03 AM
50	Fun and safe	4/21/2022 10:55 AM
51	Imaginative	4/21/2022 10:53 AM
52	Easy to use	4/19/2022 10:24 PM
53	fun, have lots of shade, open for kids and adults of all age	4/15/2022 2:18 PM
54	fun and accessible.	4/13/2022 7:31 PM
55	For all ages	4/12/2022 10:16 PM
56	attractive, colorful, unique to other park playgrounds	4/10/2022 9:28 PM
57	Drinking Fountains, and water fountains to play in. Lots of seating	4/8/2022 6:39 AM
58	Accessible for all children.	4/7/2022 11:24 PM
59	inviting and unique	4/4/2022 2:19 PM
60	Used by all	4/4/2022 10:53 AM
61	bright with plenty of LED lightings especially during the night. There should be enough lightings along the walk ways. There sections without light which could be dangerous for walking after the sun down.	4/3/2022 12:11 AM

## ALL-INCLUSIVE PLAYGROUND AT JOLLYMAN PARK

62	A place to exercise, like basketball, soccer ball, etc.	4/2/2022 8:36 PM
63	Unique not cookie cutter	4/2/2022 9:17 AM
64	Bright, colorful, lots of variety in activities for kids of all ages	3/31/2022 10:22 PM
65	Dog-friendly: We love the complimentary doggy clean-up bags/trash can. If we could add a dedicated, fenced-off, dog area, with benches and doggy water fountains inside, that would be great. A dog agility course (obstacle course for dogs) would also be ideal.	3/31/2022 6:44 PM
66	Welcoming and fun	3/31/2022 1:29 PM
67	Accessible! Inclusive!	3/30/2022 9:55 PM

## ALL-INCLUSIVE PLAYGROUND AT JOLLYMAN PARK

want my daughter and her friends to have fond memories of her neighborhood / community park.

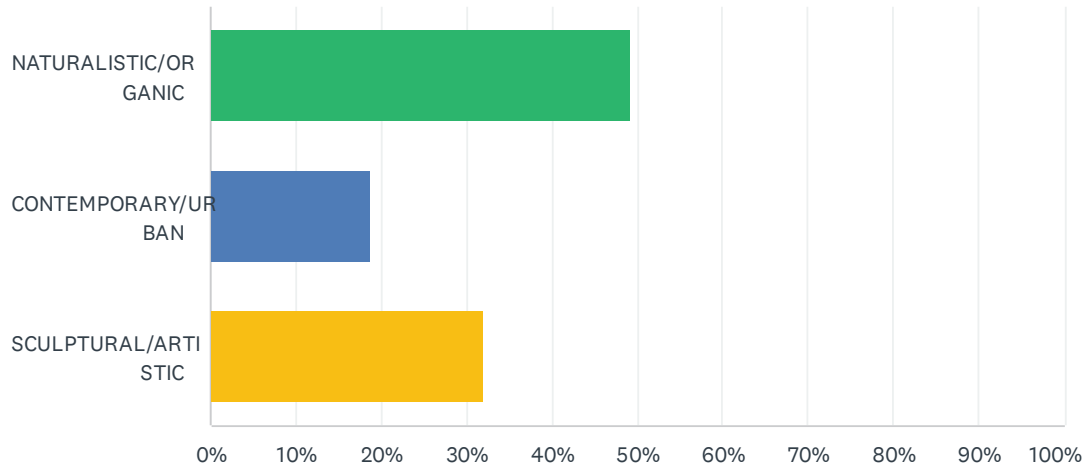

171	Stimulating both mentally and physically	3/17/2022 9:05 PM
172	Enclosed for the younger children	3/17/2022 8:57 PM
173	Nature friendly as much as possible	3/17/2022 8:52 PM
174	Fun	3/17/2022 8:32 PM
175	Fun	3/17/2022 8:27 PM
176	Kid friendly, as well as for older kids/teenagers, adults, and seniors. Modern looking, kid-safe, and with shades for people during the hot weather.	3/17/2022 8:27 PM
177	bigger obstacles, for more kids. good that they have one playground for the younger and one for the older. I would like to see artificial turf for all season, soccer playing, less maintenance.	3/17/2022 8:23 PM
178	developmentally appropriate for all ages/abilities incorporate various textures colorful!	3/17/2022 8:14 PM
179	A safe and fun place for children to play.	3/17/2022 8:09 PM
180	Adventurous. Structures that are interesting and not just plastic. something that blends with nature.	3/17/2022 7:46 PM

## ALL-INCLUSIVE PLAYGROUND AT JOLLYMAN PARK

205	a quiet and peaceful place to relax and reenergize	3/16/2022 5:55 PM
206	A unique and welcoming community space. Magical Bridge in Palo Alto is much more than just an accessible place. An inclusive playground in Cupertino will be embraced by the city	3/16/2022 5:50 PM
207	Is this really necessary?	3/16/2022 4:36 PM
208	Like the newer playgrounds in Sunnyvale like Seven Seas or Magic Bridge in Palo Alto. Softer ground , multiple play areas, different activities.	3/16/2022 3:50 PM
209	safe, free of dogs without leash	3/16/2022 2:46 PM
210	inviting and inclusive for all	3/16/2022 2:33 PM
211	Colourful, clean, and welcoming for all ages	3/16/2022 2:32 PM
212	creative and unique	3/16/2022 2:18 PM
213	Fun for all kids..... oh wait, ALL playgrounds, over the past 45 years, have already been "all inclusive".	3/16/2022 1:53 PM
214	fun, safe, happy ages 2-9	3/16/2022 1:07 PM
215	Full of families and kids playing.	3/16/2022 11:57 AM
216	Inviting	3/16/2022 11:27 AM
217	Focal point for community	3/15/2022 9:07 PM
218	Physical and interactive	3/15/2022 2:19 PM
219	a safe environment where all residents are welcomed!	3/14/2022 7:39 AM
220	for senior citizens as well	3/12/2022 9:35 AM

#	RESPONSES	DATE
1	Play structures big enough for disabled adults	4/22/2022 7:50 AM
2	I would like to also see some sort of cafe in the park	4/22/2022 6:33 AM
3	Having a rope to climb on - this is the best activity to improve motor skills - once a kid masters a rope climbing they are ready for any type of activity in school.	4/21/2022 9:57 PM
4	Lists of filtered sunlight, preferably by mature trees, and a place for hiking/biking (off-road) and e-bike/hoverboard.	4/21/2022 12:07 PM
5	Interactive features, sound, motion-sensing would attract lots of people but make the playground have a great atmosphere.	4/21/2022 12:02 PM
6	Incorporate exploration of sounds and music into the play area.	4/21/2022 11:05 AM
7	Area can be used year round, even when raining	4/15/2022 2:18 PM
8	Spongy ground, things that can be played with multiple kids, trash cans, water fountains, water play.	4/8/2022 6:39 AM
9	I'm not sure how you can get science, tech into a playground. I recommend contacting Magical Bridge Foundation. They are well known for building all-access playgrounds, magicalbridge.org.	4/7/2022 11:24 PM
10	I like natural looking playgrounds	4/4/2022 10:53 AM
11	incorporate Japanese garden with rocks formation and lots of maple tree varieties (green and red leaves) and benches for people to enjoy the sceneries and barbeque areas for family with sinks area to clean up after events.	4/3/2022 12:11 AM
12	Dog friendly	3/31/2022 6:44 PM
13	Cause and effect playground equipment, music pathways,	3/29/2022 4:54 PM
14	Physical strength with rock climbing, soccer, kids basketball	3/27/2022 3:50 PM
15	Themed playground like Serra Park's steamboat.	3/27/2022 3:01 PM
16	Need all inclusive so people - kids, parents, grandparents and pets all are welcomeZ	3/27/2022 12:19 PM
17	Dog play area separated	3/27/2022 12:04 PM
18	zip line that is adapted	3/27/2022 10:33 AM
19	Exploration would be a unique addition to our parks where children can play and touch things freely	3/27/2022 8:44 AM
20	Sand area	3/26/2022 7:26 PM
21	Since tech is in the heritage of Cupertino, would be really interesting to have some features leveraging tech/highlighting this	3/26/2022 2:04 PM
22	Water play	3/26/2022 11:08 AM
23	bocce ball, horseshoe pit	3/26/2022 8:22 AM
24	Space for imaginative play and movement, ease of movement	3/25/2022 9:06 PM
25	abstract but social - to allow children to use their imaginations and collaborate	3/21/2022 11:02 PM
26	Kids are active - don't make it a fun place to visit.	3/21/2022 4:11 PM
27	Different sections At least two age groups- as there is now	3/21/2022 10:05 AM

## ALL-INCLUSIVE PLAYGROUND AT JOLLYMAN PARK

28	Easy to maintain pieces	3/20/2022 3:41 PM

31	Jumping and climbing	3/18/2022 10:54 PM
32	Sand play with water play (together or separate), climbing, natural wood features. (Plastic and metal gets too hot in the sun unless shade is provided. 3 oaks playground is example of no shaded playground which gets way too hot to use from 10-4.) Smooth and sanded wood offers good sensory texture and doesn't get hot. Rope is also good for climbing and balancing. Please stay away from plastic- static is horrible play experience for kids and parents.	3/18/2022 9:33 PM

52	I normally would prefer a nature and exploration park, but since we are fortunate to have Rancho San Antonio Open Space Preserve so close to us, then I think children, especially those with disabilities would enjoy something that is tactile and sensory. A large chess set, or life size if you're a kid, a labyrinth that is part of the walkway, meaning just a pattern in the hardscape that you can follow. These are fun for kids, and meditative for adults. Plants that are fragrant when in bloom. The sweet olive has tiny blossoms that are super fragrant. You can smell them, but you don't necessarily see the blossoms so it's a hunt to figure out what smells so great. All children love to climb or walk on curbs, so make small animal sculptures that kids can climb or sit on. Not too high of the ground and on a cushioned or rubber surface. Around the parent seating area create a short meandering pathway with low hedges (sweet olive) so that little ones can be daring, but they can still see their parents and the parents can see them. I'm not expert but incorporate elements that children and adults with autism, or physical disabilities would enjoy. Create a section of chess tables so adults can come out and play chess and children can see that this is something adults like to do and maybe they would too.	3/16/2022 8:16 PM

## ALL-INCLUSIVE PLAYGROUND AT JOLLYMAN PARK

I love the parks in NY that have the chess tables. Make sure seniors can easily navigate around the park and maybe have their own section where they can work on balance and walking on different surfaces and levels. Please place trash cans away from seating areas. Our local park has the trash cans right next to the seating benches and those who walk dogs routinely toss their poop bags in the cans and the stink drives you away. It's awful. There is a park in Paradise Valley, Arizona, that has a tall pyramid rope climbing structure and shade sails that my boys loved when we visited. here's a like to that park

86	Climbing	3/18/2022 11:17 PM
87	Tennis court and basketball courts also would be good to have.	3/18/2022 10:27 PM
88	Creative and fun. Blends into the beautiful redwoods.	3/18/2022 10:19 PM
89	Water play like in the photo for digging. I have experienced these type of water play in the U.K. with my toddler and it's cooperative, sensory, fun, and enjoyable for everyone. As long as it is possible to enjoy year around and not limited to 3 months of the year. Otherwise it is just sitting there and not getting any use which would be such a shame. (I've seen quite a few parks in California that just are empty because it's not "in season" to have water play. It needs to be able to be used anytime so a pump action to be able to draw water up, also allows for cooperative play. Sand play plus water is also fun because it brings a different element of sand play. Climbing is also fun, whether it is for traversing across using all fours, or climbing upwards or large rock/wood formation to climb in whatever way you wish. Important to allow for creativity and imagination in finding different paths to take.	3/18/2022 9:59 PM
90	Larger play area with more imaginative and interactive play experiences.	3/18/2022 9:36 PM
91	Natural inspired interactive.	3/18/2022 8:45 PM
92	Solo play is ok	3/18/2022 5:16 PM

125	I you have games, cooperating, and digging you pretty much have exercising, building, and pretending/imagining covered. I'd love to see music and dancing in the park, but these are tough unless that city routinely puts on events. So if the city has the budget for that great, but creating spaces for music and dance that are not used is a waste of space.	3/16/2022 8:27 PM

## Q9 WHAT OTHER IDEAS DO YOU HAVE ABOUT THE NEW PLAYGROUND AT JOLLYMAN PARK?

#	RESPONSES	DATE
1	I like the idea of the Ambassador Program at Inspiration Playground in Bellevue, WA: <a href="https://bellevuewa.gov/city-government/departments/parks/programs/volunteer-opportunities/recreation-volunteering/inspiration-playground-ambassador">https://bellevuewa.gov/city-government/departments/parks/programs/volunteer-opportunities/recreation-volunteering/inspiration-playground-ambassador</a>	4/25/2022 4:36 PM
2	Promoting teen play and fun	4/22/2022 4:56 PM
3	A tree house type structure would be fun	4/22/2022 1:14 AM
4	Outdoor games for kids,	4/21/2022 10:19 PM
5	Jolly man park is having good play structure. It can be more inviting for all ages if it's more colorful and have few more activities to do.	4/21/2022 10:04 PM
6	Welcoming for all ages to have fun together. Multigenerational.	4/21/2022 8:01 PM
7	A Zen place for seniors.	4/21/2022 6:52 PM
8	Inclusive	4/21/2022 3:42 PM
9	Smoke free, fenced off area for dogs	4/21/2022 2:18 PM
10	Safety is 1st priority. Sensory stimulation, diversity of experiences, respect for abilities.	4/21/2022 1:44 PM
11	Hanging, balancing	4/21/2022 1:16 PM
12	Play chess	4/21/2022 12:48 PM
13	Minimize right angles, daily cleaning, monitors, and anti-microbial coatings on everything.	4/21/2022 12:15 PM
14	I have seen parks in other cities/countries where the walking path is split into a walking and biking lane. This gives kids the opportunity to bike safely while not interfering with walkers. Even better is when the path is split by a natural physical barrier like hedges or a row of trees. I also think it is important for there to be safe methods for kids to get to the park. I think Stelling needs some form of traffic calming (raised intersections, thinner lanes, more trees, etc) to make it safer for kids to cross and get to the park. I believe that we underestimate the effect that a wide road with fast cars has on kids' willingness to cross it.	4/21/2022 12:10 PM
15	Climbing structures instead of an easy staircase to the top of the playground would make Jollyman park more inviting to kids of all ages.	4/21/2022 12:06 PM
16	It is extremely important to have an accessible restroom nearby. I believe the current Restroom is approx. 900 feet away. It defeats the purpose of an Accessible Playground if there is no A/C Restroom nearby	4/21/2022 11:58 AM
17	More trees and dog park.	4/21/2022 11:43 AM
18	Solar lit even after the park lights turned off	4/21/2022 11:31 AM
19	I like the signs at the Magical Bridge park in Palo Alto explaining the purpose of each structure within an area. Each area has a different sign explaining the purpose.	4/21/2022 11:29 AM
20	Have a field for running kids	4/21/2022 11:26 AM
21	A welcoming and safe space for all - children, parents, families.	4/21/2022 11:10 AM
22	pullup bars suitable for adults	4/21/2022 11:04 AM
23	I'd really just love for it to be easily accessible to all ages without being too segregated (ie a 2-5 play structure far away from the 5-12 structure). It can be hard to watch younger kids as well	4/19/2022 10:29 PM

39	A dog off leash area is always nice. Somewhere dogs can run around and socialize and have fun in a safe and controlled area.	3/29/2022 8:35 PM
40	I wanted to note that my 3 yr old LOVES running up and down the grass hill that's next to the existing playground. If the hill goes away, another vertical component she can race up would be appreciated! Also, if restrooms are added, can they please have quiet, manual flushing toilets? And the sink have a stool (that doesn't block wheelchair access, of course)	3/29/2022 5:48 PM
41	Water Play for hot summer days,	3/29/2022 4:58 PM

55	Sponge because tan bark gets thrown and splinters	3/26/2022 7:28 PM
56	Dogs off leash	3/26/2022 3:37 PM
57	Need more shade. Especially where the older kids play structure is now, there is not enough shade around the play structures. Well maintained soccer field with flat natural turf.	3/26/2022 3:05 PM
58	I have two very young children, and have noticed they interact the most with features that are unique at each playground. Jollyman will probably be the most successful if it does not have features that are too similar to neighboring playgrounds. Please also include shaded, bookable picnic/bench facilities that are conducive to events and parties. Finally, is it possible to turn the half basketball court into a full court?	3/26/2022 2:08 PM
59	Regular weeding and mowing plz..let's maintain what we have	3/26/2022 2:06 PM
60	allow for youth & adult sports	3/26/2022 8:27 AM
61	Please make sure there are normal swings in addition to all inclusive swings! The inclusive swings are very difficult for many small kids to use.	3/26/2022 4:28 AM
62	Gated for toddlers	3/25/2022 11:00 PM
63	I hope it will be a place that is safe and enjoyable for my non-ambulatory child and her older more typical brother.	3/25/2022 9:09 PM
64	Please NO DOGS signs everywhere. On doors/fences/signs. Dogs pee and poop all over current playgrounds and it's dangerous to our kids	3/25/2022 8:33 PM
65	Components not available at other parks close by	3/25/2022 8:28 PM
66	Please no tanbark or sand under the play structures but please include a sand pit off to the side.	3/24/2022 12:26 PM
67	Don't bring something that with pieces that will get lost such as game pieces.	3/24/2022 10:46 AM
68	Inclusive of all ages mixing instead of little kids in one space and big kids in another space...	3/21/2022 11:06 PM
69	I hope it is large enough to accomodate more than 2-3 kids at a time.	3/21/2022 4:14 PM
70	cushy play foam, colorful, creative type play different from your typical playground	3/21/2022 1:54 PM
71	All formal preschool climbing structures should be shaded!	3/21/2022 10:06 AM
72	A separate side for toddlers or big kids	3/20/2022 9:38 PM
73	Something similar to Magical Bridge in the level of accessibility. I have two young children (ages 7 and 1), and I use a wheelchair. Jollyman is the closest park to our home, about a 5-minute walk/wheelchair ride. The playgrounds at Jollyman are useless to me as a parent because I get stuck in the tanbark and the ramps have a drop at the end that is too big. I am unable to take my little one around the playground because of this. The same is true for the other Cupertino parks I've been to. The planners should remember that there are *parents* with disabilities, not just children. Even the question on the next page asks if I can "walk" to Jollyman park in 15 minutes. I can get there in 5 minutes, but I'm definitely not walking.	3/20/2022 9:26 PM
74	reduce the traffic noise	3/20/2022 8:58 PM
75	It should be big enough to accommodate a bigger number of people since it will be a destination playground	3/20/2022 3:44 PM
76	Multiple park, divide by age group	3/19/2022 11:44 PM
77	Large looped walkway around the playground and a hedge maze, a floor with alphabets and numbers	3/19/2022 9:18 PM
78	It may help to include a few components for the elderly so they could feel like a kid again.	3/19/2022 10:55 AM
79	A fun place where people can play together.	3/19/2022 9:39 AM
80	Cricket would be a great addition	3/19/2022 8:54 AM
81	The existing features of the park are well liked (especially the climbing, slides and the wibbly wobbly traversing thing. So please include those aspects too. Trampolines are fun, seesaws	3/18/2022 11:17 PM

## ALL-INCLUSIVE PLAYGROUND AT JOLLYMAN PARK

are fun. Natural materials are nice. Adults have to inevitably use slides too, so a slide that can be ridden with a child on your lap without being too narrow, bumping your head, getting a bunch of static or enduring the gaps between each section of the slide are also important. More than one way to access harder to reach higher up places to reduce traffic jams of kids/adults. Space to run on structures off the ground. Enclosed play spaces offer a lot of benefits that people are drawn to. Parents often watch their children from the sides of the play area so visibility across the play area should also be a consideration. If you make it really good, consider that people will travel further to visit the park and it may become more popular and parking may become an issue. There should be space to park other modes of transport, bikes&trailers, scooters etc

82	Please have large amount of shaded areas.	3/18/2022 10:27 PM
83	Lookout points	3/18/2022 10:19 PM
84	Jolly man playgrounds are used year round so please do not enforce restrictions on play elements by seasons or months. Kids do not mind getting wet or dirty anytime of the year. If anything kids here need more exposure to messy play and exploration. Life is messy :) might as well have fun too! Large (or single) trampolines are a lot of fun for people of all ages. Also good for autistic people who enjoy jumping. Please do consider sand and water play. I think Cupertino could really use a fun sand play area. Zipping is fun for all ages. One for disability friendly and one for non-disabled people to use. Because I know it can take time for disabled people to get on and off equipment. Shade for the play area should be priority. Metal slides are great but those burn so bad once sun is out on a clear day. Please consider the amount of sunny days Cupertino has in a year and how the heat affects people being out and temperature of play structures. Creating a shaded play space/ rest area is great to help people get outside and stay safe.	3/18/2022 9:59 PM
85	Larger play area. Multilevel connected play structures. Variety of materials... definitely less plastic.	3/18/2022 9:36 PM
86	Recognize that seniors often accompany kids	3/18/2022 5:16 PM
87	Make it fun and exciting. Don't focus on the "learning" so much. The kids get ALOT of that in school, after school - school, parents getting the kids involved in educational programs. Make the park FUN!	3/18/2022 5:13 PM
88	The "adventure playgrounds" in Europe are something that I would love to see implemented in Cupertino! They encourage critical thinking, fine motor skills, and cooperation! It may not fit with this playground's theme, but just something to think about. Here's a link that's a good descriptor! <a href="https://www.parentmap.com/article/best-adventure-playground-northwest-safe">https://www.parentmap.com/article/best-adventure-playground-northwest-safe</a>	3/18/2022 4:56 PM

92	Cushiony floor base to make it safer for little children, Water bottle filling stations, rounded edges on all play equipment, Tree shade or umbrella shade for summer months.	3/18/2022 10:52 AM
93	Again, a space for children who get overstimulated to go and then, be able to rejoin the fun!	3/18/2022 10:33 AM
94	Safety, railings or easy views for parents and protective fencing to keep kids away from the busy streets	3/18/2022 8:53 AM
95	Leave open space for sports	3/18/2022 7:58 AM

3	Thank you for sending this last email saying it was my last chance to take the survey. It got me moving! Please do it for other surveys, even if they are not Parks and Rec.	4/21/2022 11:31 AM
4	I wish for it to be really big so that there are large slides that take a long time to go through because those are really fun.	4/21/2022 11:18 AM
5	Thank you for starting this process. The best way to get community involved and invested in their neighborhood is to start a dialogue, and then continue the dialogue. Oftentimes the latter is lost in the planning process. Look forward to hearing more on this venture.	4/21/2022 11:14 AM
6	put some flyers of this survey in the library.	4/10/2022 9:38 PM
7	Have the schools include links in their newsletter to parents.	4/8/2022 6:43 AM
8	Water feature using reclaimed water would be nice. Would rather see Memorial Park updated	4/4/2022 2:27 PM
9	I would like to say that CUperitino Jollyman Park has been on forefront of community service with the addition of a permanent DOLA . It has been very actively and abundantly and safe;y used by the community so it should always remain. In fact we need more DOLAs in other parks, to bring communities and dog owners together in a safe and constructive manner,	3/29/2022 7:06 AM
10	Jolly-ride playground event at the cupertino library.	3/27/2022 6:15 PM
11	I understand that there have been complaints in survey responses re unruly dogs and owners who don't follow rules at Jollyman. Please know that the dogs and owners in the Jollyman DOLA are following all rules in the off-leash area including staying within the boundaries with owners picking up after their dogs. I, along with the entire DOLA community, are most grateful to Cupertino leadership for their continued support of DOLAs in our wonderful city!	3/27/2022 7:56 AM
12	We need more shade around play structures. The older kids play structure currently is not shaded well enough and kids can't play there past 11am without the sun beating down on them. Especially important as it gets hotter with climate change.	3/26/2022 3:06 PM
13	I will share this survey with my local neighborhood email group, the Cupertino Moms Facebook group, and our Regnart community groups.	3/26/2022 2:09 PM
14	Can the city also maintain the turf better? We see many bare spots.	3/26/2022 12:36 PM
15	Maybe share this for distribution through the local schools, especially any school serving disabled students.	3/25/2022 9:12 PM
16	Send the survey to local home daycares and institutional daycare centers, post flyers at the Cupertino and SJ Calaveras libraries.	3/24/2022 10:49 AM
17	Community groups (Nextdoor), school districts, Flyers at library, ask neighboring city residents too - since they may also travel to visit the park.	3/21/2022 11:08 PM

## ALL-INCLUSIVE PLAYGROUND AT JOLLYMAN PARK

18	Put this survey on social media: FB, Insta, Twitter, TikTok	3/21/2022 4:47 PM
19	The new play area will need to be bigger than the current one due to its purpose. Please provide the scale of it compared to the 11 acres of the existing park and the size of the existing playground.	3/20/2022 3:47 PM
20	Post this we code at the park	3/19/2022 1:05 PM
21	I live nearby Jollyman Park, and most of my childhood has been spent here. I can reach out to nearby households and ask them to participate in this survey to take their feedback (via iPad). Please reach out to me at sudishakum@gmail.com if I can participate in this program.	3/19/2022 10:58 AM
22	Go speak to families at magical bridge playground. Be available in person at Jollyman for more than one day.	3/18/2022 11:18 PM
23	Signs up in the park with a QR code to take the survey. Mention this on Bay Area mom Instagram pages (bay.area.toddler, etc)	3/18/2022 10:20 PM
24	Please prioritise asking input from families of kids in special education programs in the school district. Should focus on asking them first for feedback and what they feel is missing from playgrounds for their child with special needs. In addition, you can have the CUSD Comprehensive Autism Program ask the autistic students (through their behavioural therapists) to point at pictures of what play structure they'd like. People with disabilities should be the priority for getting involved. They can respond to questions and should be involved in the planning process. That is how to build a truly inclusive playground. Asking kids in Cupertino union school district. Give them similar poll with the pictures and short explanation of play type and see what the kids like! Would be interesting to see.	3/18/2022 10:13 PM
25	Host more events at the library, with free food! The bobatino event a few years back reached a lot of high school students, and could totally be replicated on a smaller scale.	3/18/2022 4:58 PM
26	Please make sure all instructions are in English...please make the park more pet friendly.	3/18/2022 2:35 PM
27	Reach more people via the Cupertino library , Nextdoor app	3/18/2022 10:56 AM
28	Don't spend our tax dollars on something weird. Build a nice playground and maintain open space for sports and exercise.	3/18/2022 8:01 AM
29	Send flyers to the neighborhood, have a feedback form at the park itself with a place to turn in	3/17/2022 10:10 PM
30	Your highest traffic is the Cupertino Library. I think you should have a kiosk or have Evelyn do a live poll on Friday after school or Saturday when they have the busiest traffic. Cupertino parks are a bit bland and need a serious refresh!	3/17/2022 9:46 PM
31	Post on Nextdoor, Schools , complex managers	3/17/2022 9:05 PM
32	SOCCER field	3/17/2022 8:28 PM
33	Hi! I grew up down the street from Jollyman, attending Cupertino public schools. I am additionally now a mom to two young kids who love playgrounds, and a pediatrician at Stanford. If I can help collaborate with the building team in any way, would be happy to! My email is nsjoshi@stanford.edu.	3/17/2022 8:17 PM
34	Just give out more flyers about the survey and renovation plan at Jollyman park. It doesn't need to be only the residents live near by the Jollyman park but whoever lives in Cupertino should have the right to provide their feedback.	3/16/2022 9:20 PM
35	Next Door might be a good option. While I don't live near Jollyman park and may never visit it, I do feel a civic responsibility to participate in these surveys so when I received the invite in my mail today I completed this survey. Thank you for your efforts to reach out to residents. I appreciated your efforts.	3/16/2022 8:32 PM

### STAFF REPORT

Meeting: June 2, 2022

#### Subject

Update on Fiscal Year 2021-22 City Work Program Item Senior Strategy

#### Recommended Action

Receive an update on the status of the Senior Strategy Fiscal Year 21-22 work program item regarding survey results and outreach plan and provide feedback.

#### Background

For Fiscal Year (FY) 2021-22, the City Work Program includes an item titled "Senior Strategy" with a stated objective to address the needs of seniors in collaboration with the City Council and Commissions. Needs to address include technology resources, housing, food supply, transportation, and mental and physical health and wellbeing.

#### Discussion

A survey was developed to determine seniors' awareness of existing available resources which address the need areas listed in the project objective. This survey was brought to the Senior Advisory Council for feedback on September 27, 2021 which was incorporated prior to publishing. The survey was launched in October of 2021 and closed in December of 2021 and received 459 responses.

The survey results were compiled and analyzed to determine the greatest gaps in resource awareness among seniors. This compiled survey data was presented to the Senior Advisory Council along with a primary outreach plan for their feedback on March 24, 2022. The survey results and preliminary outreach plan will be presented to pertinent commissions for their feedback prior to presentation of the item at a future City Council meeting.

#### Sustainability Impact

No sustainability impact.

#### Fiscal Impact

None.

Technology Resource Awareness (5 resources)	
I have used this resource	16%
I have considered using this resource	5%
I have heard of this resource and know what it provides	19%
I have heard of this resource but know little or nothing about it	18%
I did not know about this resource	42%

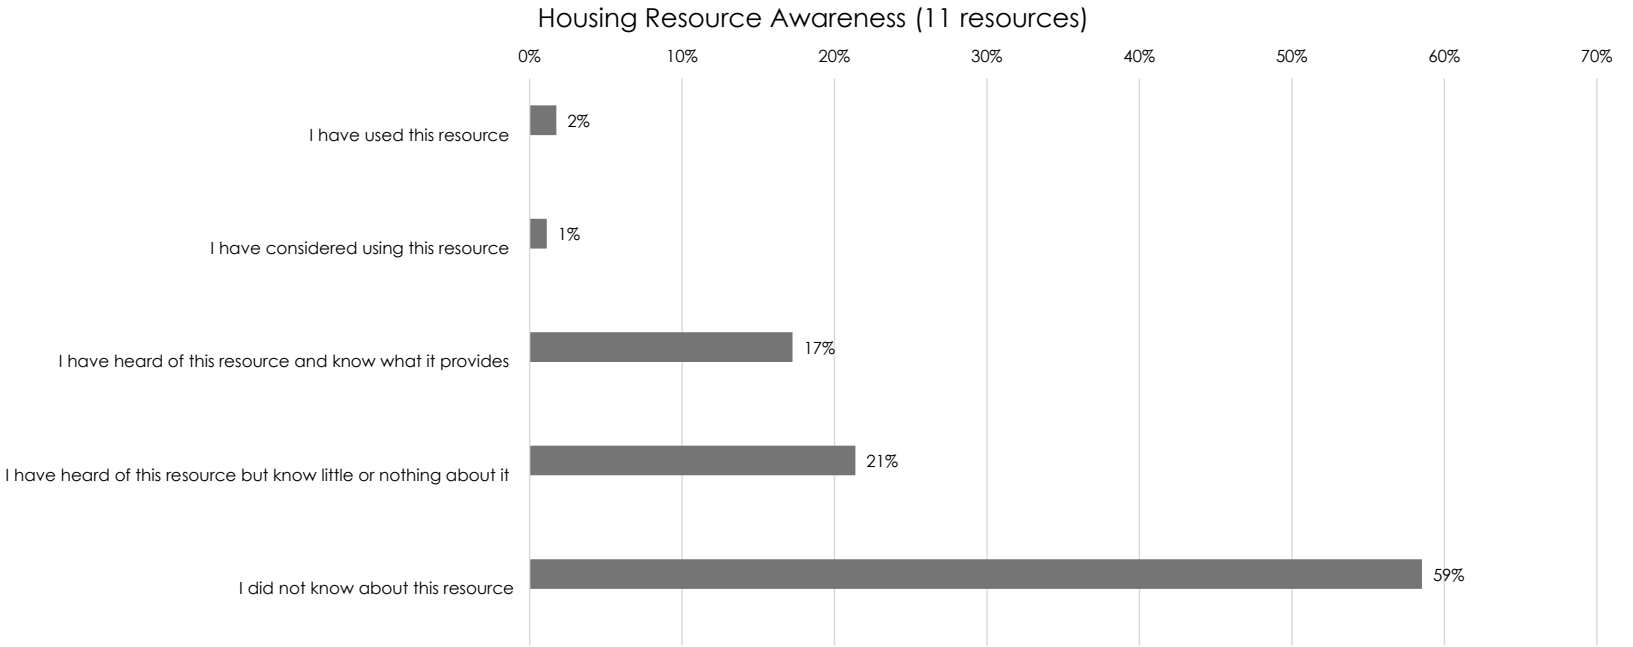

Of the five resources listed (see tables below for full list), respondents had the greatest awareness of public computers available at the Cupertino Library, and were most likely to have used the public WiFi available at some City buildings. Respondents were least aware of GetSetup.io, a virtual class platform with access sponsored by the Cupertino Library Foundation with support from the Cupertino Community Funding Grant Program.
